Profile

I am a Product designer with an interest in user experience and clean design. Highly skilled UX Designer with 4 years of experience. I am fluent speaker in English.

Experience

UX Designer at Graphene AI

Bangalore, India. | Oct 2023- Present

- Ezy Themes is a SAAS-based subsidiary company of Graphene AI.

- Responsible for User Research, Information Architecture, Rapid Prototyping, User Testing, Interaction and Visual design.

- Collaborated with product managers, business partners, and engineers to define the product requirements and road map.

Associate Designer at HRS Navigation

Bangalore, India. | Jun 2022- May 2023

- HRS Navigation is a healthcare B2B company, I combine user data and research to develop wire flows.

- As an only designer, took the responsibility from strategy to designing a Desktop Application.

- Focused on User-Centric design and functionality and collaborated with multiple roles to drive alignments.

Product Designer Freelance

Bangalore, India. | Sep 2020- Present

- For the past 4 years, I have been developing several detailed projects.

- I've worked with agencies, Design Studio, and Tech Companies and have also taken responsibility for solo projects.

- The work has been primarily realms of Web & App Design, Logos, Branding, Product Visualization, and 3D Animation.
